

Sunday 4th March 2018 Isabella & Marcus Car Show

Always a great car show fundraiser that supports a fantastic cause. It's the first one we put on the calendar each year. In fact, the committee have decided it's a cause we need to get behind and I'm sure that the entire Jets family agree. Di & Rosanna spoke to Daniela and next year the Jets will be making a donation to the cause and providing a Trophy on the day. This event raises money for research into brain stem tumours in children. Causes don't get any better than that. This year again the Cadillac drifters a great young band played some great 50's & 60's RnR, there were plenty of merchandise stalls and the boys from Garage Inc had our spot reserved for us when we rolled up. The Jets family turned out in numbers again. Lunch was taken care of by Dane, Brian & Peter V cooking up a sausage sizzle on the club BBQ. Thanks guys, your efforts are greatly appreciated. As always, another top day out with the Jets family.

Way too much man love going on here.
