

## Sunday 25<sup>th</sup> February 2018

### Moonee Valley Show

Over the past 4 years we've done Gembrook as our regular club event for February, The feeling generally is that it's starting to get a bit stale and has too many late model and non-American cars

so this year in February we headed to Moonee Valley race course on Sunday 25th February for the Show cars of Melbourne Ultimate Car Show, this is a top end car show that hosts some of the best show cars in Australia.

The weather on the day was less than ideal but in usual Jets fashion we had a great time regardless and as usual attendance was excellent with 22 cars, 50+ people,

Dane & Peter jumped straight in and fired the BBQ for the egg & bacon rolls, great job guy's thanks for efforts. Once again our Jets ladies showcased their baking skills with 2 x tables full of delicious biscuits, cakes & pastries. Thank you Girls sensational as always.

Setup went like a well-oiled machine with Brian and Rosanna leading the way, Thanks guys. All in all a great day out, the big letdown on the day was the frustration caused just getting into the race track the delays were long as they only had one que for cars entering.

There were plenty of "NOT HAPPY CAMPERS"

To top it off they parked us up in the wrong spot  
Oh yeah and the parking guy was less than helpful  
Maybe not for us next year.
